TO: Parents and Guardians of Elementary School Children
FROM: The Elementary Principals
SUBJECT: The 2019-2020 Elementary Handbook

Dear Parents:

It is a pleasure to provide the children of our school district with an excellent education. Since the elementary grades form the foundation of our system, we are particularly proud of the teachers, curricula, and programs we are able to offer the youngest members of our school community. All of our elementary schools continue to expand the horizons of opportunity with dedicated teachers and support personnel investing considerable time and talent developing exciting programs and activities for the children of our District. The numerous ways we continue to respond to the ever-changing, dynamic needs within the public school setting are visible throughout each grade school building.

While this handbook is not a contract with students, it is one key resource for you to use in learning about our schools' policies, practices, procedures, guidelines and expectations. The Board reserves the right for school administrators to exercise professional discretion when enforcing these policies, allowing for situational differences that may arise. The handbook has been organized to help answer your inquiries. This format was designed with the help of many parents, teachers, and school office personnel. We do hope you will invest some time in reading and using this book.

Our goal is to meet the needs of our students. As parents, you are our foremost partners in achieving that goal. Together, we can forge learning opportunities for each and every child attending our classes and programs. Communication is essential for our success. We ask that you work with your school's personnel to insure that information is exchanged in a positive and purposeful manner. We pledge to do the same. We look forward to working with each of you during the coming year.

Sincerely,

Graydon Engle

GENERAL INFORMATION

Cafeteria

Elementary schools offer a USDA Reimbursable Value Meal each day. Each morning, classroom teachers take a count of the students who wish to have the "Value Meal of the Day", and a count of the students who wish to have a "Grilled Cheese Sandwich" in place of the protein item. Also, a count will be taken of how many students ~~who~~ brought their cold lunch from home and will be purchasing a milk. These counts are shared with the Head Cook each morning so enough food is prepared and available each day.

- Students who choose the "Value Meal of the Day" will receive all meal components: protein items, whole grain bread/pasta item, vegetables, fruit and milk. Students are served the "Value Meal of the Day" without eliminations. The monthly menu can be found on the [Food Service website](#).
- The cost of all menu items in the value meal is set at one meal price. The lunch prices for the 2019-2020 school year are:

Paid Lunch Price	\$2.95
Reduced Lunch Price	\$0.40
Milk Price	\$0.40
Adult/Teacher Lunch Price	\$3.50

- If a student would like to have a non-meat item, they will be served a "Grilled Cheese Sandwich" in place of the planned protein item, at no additional charge.
- Milk is sold to students who would like to have a milk with the cold lunch they brought from home or if the student would like an extra milk to drink with his/her hot lunch.
- If a student is eligible for free or reduced price lunch and wishes to have a milk with his/her cold lunch from home, he/she must purchase the milk for \$0.40 a carton.

Every student has a lunch account based on his/her student ID number. The account is activated by: sending cash or a check to be deposited and credited in the student's account; or by activating

an account through www.myschoolbucks.com. There is a \$2.49 service fee charged by MysSchoolBucks.com for each lunch account deposit. All checks given to the Head Cook are credited to the student's lunch account.

Central 301 Schools' Food Service Department is committed to serving lunches to all students. Due to varied circumstances, students may not have money to purchase a lunch or milk. If there is no money in the student's account, they will still receive a lunch. The negative balance is communicated with the parents through letters sent home with the student or weekly emails sent to parents from the Food Service Office. Once lunches or milk have been served without money in the account, it is the parents' responsibility to respond to the negative balance letter or email by depositing money in the student's www.myschoolbucks.com account or by sending in cash or check to the school.

A student's eligibility for free or reduced priced meals shall be determined by Family Size/Income Guidelines set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education. Parents may access the current Free/Reduced Family Application **after July 1st** of each new school year on the [Food Services website](#). Each family submitting an application will be notified in writing of their application status.

So the system can work efficiently for all students each day, we ask that the following rules be observed:

- Students are to eat only at their scheduled lunch time.
- Students need to be orderly and move through the lunch line picking up their filled tray, proceed to the cashier and sit at a chosen table.
- Students should pick up all lunch debris from the table and floor, empty lunch trays into trash bins and return the empty lunch trays to the kitchen.
- Students should put lunchroom materials appropriate for recycling in the specified recycling containers.

Contacting Your Child's Teacher

We encourage you to contact your child's teacher if you have any questions about your child or our program. If you would like to speak to a teacher, please call the office. If you leave your name, number, and a brief message, we will have the teacher call you back as soon as possible. You may also contact the teacher by school email. Most emails follow this format: first name.last name@central301.net (i.e. john.smith@central301.net). Keep in mind that our District spam filter may interrupt the delivery of some messages.

Dress Code

We believe that any dress "code" begins at home. The decision as to the style of clothes a child wears to school is primarily the parents' choice. Students are expected to wear proper clothing to school.

Please be sure your child is dressed for the weather of the day (including layers inside as the building is equipped for heat and air-conditioning in each classroom). We will assume that students have worn what you consider appropriate for outside recess. If there is a drastic weather change during the day, we will take that into consideration as we plan for outside recess. Please

make sure that your child's clothing is labeled clearly. The following guidelines are in place to ensure a safe, focused learning environment:

- Clothing which is considered revealing will not be allowed on any student. Short shorts/skirts, bare midriffs, halter tops, exposed undergarments, spaghetti straps and other clothing items determined by school personnel to pose a significant distraction of the learning environment are not considered appropriate attire.
- For safe movement within and out of the building please provide appropriate footwear for your child.
- Articles of clothing that have weapons, alcohol, or tobacco messages are prohibited. Messages/logos on clothing must be appropriate to the elementary school environment.

Electronic Devices (Board Policy 6:235)

The District's electronic networks, including the Internet, are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication. Use of all electronic devices allowed as part of the District's Bring Your Own Device ("BYOD") program and the CCUSD301 issued Chromebook must be consistent with District policies and procedures. Such electronic devices may be used during instructional time only for educational purposes as approved by the administration or teacher. Personal devices may be used by students during non-instructional time, such as during passing periods, lunch, and before or after school. Students may not place or receive phone calls during school day hours (9:10am-3:35pm).

Use is a privilege, not a right. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or accessed via the District's electronic networks. The District's rules for behavior and communications apply when using the electronic networks. Refer to the Chromebook Handbook issued by the District.

Emergency Day: School Dismissal Due to Weather

At times during the winter, severe snow conditions may make bus transportation impossible or unsafe and all schools in the District will be forced to close or have a delayed starting time. In such cases, local radio stations will be notified prior to 7:00 am. If weather conditions are questionable, tune your radio to WRMN in Elgin (1410 AM or 94.3 FM), WLBK in DeKalb (1360 AM or 92.5 FM), or to WFXW in Geneva (1480 AM). The school utilizes multiple platforms to notify families of school closures, including but not limited to Skylert.

Also, on occasion during the school day, weather conditions may become severe and it may be advisable to close school early. Notification will be sent if an early dismissal is warranted. Parents should arrange with their child in advance where he/she should go if any early dismissal is deemed necessary.

Many bus routes have areas where buses are required to turn around in a driveway. At these points, during times with considerable snow and drifting, it may be advisable for the bus to stay on the main route and to eliminate all points where backing is necessary. Parents are requested to give their bus driver full cooperation and to provide transportation to and from the bus in all cases where snow conditions are bad.

Excuses from Physical Education and Recess

Medical Reasons

Students healthy enough to attend school are considered healthy enough to attend PE and recess. A parent note excusing the student from physical activity, PE and recess, can be accepted for up to two days for an injury or illness. A maximum of two parent notes per semester will be accepted. Any duration of time beyond two days will require a signed statement from the student's healthcare provider. The statement from healthcare provider shall include a diagnosis, any restrictions needed, and the length of the restriction. If the length of time is undetermined or "until further notice," a new note from the healthcare provider will be needed every three months until the student is released from the restriction.

Religious Reasons

In addition, students may be excused from PE based on a religious prohibition. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Notes to excuse students from PE classes for religious reasons are to be presented to the Main Office. Office staff will notify the PE teacher of the excuse.

Items Brought to School

- BIRTHDAY TREATS: Treats should be in the form of a non-food item such as birthday pencils or bringing your favorite story to have the teacher read for the class. Food items are not allowed as they can distract from the educational environment and is counterproductive to the health curriculum standards.

- BICYCLES, SKATEBOARDS, IN-LINE SKATES and HOVERBOARDS: If you ride a bike to school it must be walked on school property and parked in the bike racks provided. All bicycles should be kept locked when you are in the school building. The school is not responsible for damage or theft of parts while bicycles are parked in the racks. Bicycles may be ridden to and from school provided good safety rules are followed. Bicycles cannot be housed in the school. Bicycle racks will be off limits during school hours. Skateboards, in-line skates, hoverboards and wheelies (including shoes with wheels built into them) are not allowed on school grounds. Any students found with such items will:
 - receive a verbal warning;
 - have such item confiscated to be picked up by a parent/guardian;
 - have such item confiscated for the remainder of the school year.

- CELL PHONES: If a parent deems it necessary for a student to have a cell phone, the phone must be turned off and kept zippered in the child's backpack from start to finish of the school day, (9:10am-3:35pm). Any misuse of a cell phone will result in disciplinary action as outlined in the Student/Parent Handbook. Examples of misuse include but are not limited to:
 - student dismissal;
 - using phone as a camera (unless used with teacher discretion) ;
 - displaying inappropriate images/websites;

- use of inappropriate language during calls or texts;
 - use of phone for bullying, harassment, and intimidation.
- **FOOD/SNACKS:** With regard to food, commercially pre-packaged items that are clearly labeled with all ingredients are required. This applies to all school sponsored events.
 - **PETS:** Due to student allergies and school safety issues, pets are not allowed in the school building or outside of a vehicle while on school grounds with the exception of a service animal which is permitted to accompany a student with a disability at all school functions, whether in or outside the classroom.
 - **MOTORIZED VEHICLES:** The use of unlicensed motorized vehicles on School District 301 property is prohibited. This includes, but is not limited to, all-terrain vehicles, dirt bikes, snowmobiles, go-karts, and any off-road vehicles. Consequences for this behavior may include suspension out of school as well as charges filed with local authorities.

Lost and Found

The lost and found is kept in a clearly marked designated area within each building. Please label all items of clothing that a child removes during the course of a day (i.e. sweaters, mittens, hats, boots, gym shoes, etc.); proper labeling will help keep your child's things out of the lost and found. The schools donate all unclaimed lost and found items to charity after fall conferences and after the last day of school.

Notification Regarding Sex Offender Information

Public Act 94-994, requires a principal or teacher to notify parents during school registration or parent teacher conferences that information about sex offenders is available to the public. The Illinois Sex Offender Information website is <http://www.isp.state.il.us/sor/>. If you have any questions, please contact your building principal.

Outside Play

Please dress your child appropriately so that she/he may be outside when the weather permits. Snow and moderately cold weather do not keep the children inside. All children will participate in outdoor activities if the outside temperature with wind chill is 0 degrees or above. Snow pants and boots are required for children to play in the snow. Each school has playground rules to follow. See also "Dress Code" above.

Parent-Teacher Organization / Committee (PTO/PTC)

Each of the elementary schools has a Parent-Teacher Organization / Committee. These organizations involve staff and parents in a partnership which better the education of the children. The PTOs/PTCs donate time and money which are used to enhance the students' academic environment. All parents are welcome; we encourage you to join and participate.

Safety Drills

Periodically during the school year, safety drills will be held as required by Illinois law. When the alarm is sounded, students and teachers should proceed immediately according to appropriate

procedures. Procedures for safety drills and school emergency and crisis response plans are posted in all classrooms.

School Safety

The safety of our students and staff is our first priority at each elementary building. All exterior doors are kept locked and access to the building will be limited. **Students are not to open any door to permit entry from outside the building, even if the person is familiar to the student.** Additionally, the propping or opening of doors to anyone from the outside is prohibited. All visitors should be directed to the Main Office. Failure to abide by this policy may result in disciplinary consequences.

Student Insurance

If a student insurance program is offered, it will be the responsibility of the student's parents, not that of the school, to file claims with the designated insurance representative in the event of injury. When an optional student insurance program is offered, claim forms will be available in the school office.

Student Records and Directory Information (Board Policy 7:340)

Under the Illinois School Student Records Act (ISSRA) and the Family Educational Rights and Privacy Act (FERPA), parents/guardians and students over 18 years of age ("eligible students") have certain rights with respect to the student's education / school student records.

In compliance with Illinois and federal law, the District shall maintain two sets of student records. The **permanent record** shall include basic identifying information concerning the student, his or her parents' names and addresses, the student's gender, date/place of birth, academic transcripts, attendance record, health records required for enrollment, unique student identifier, a certified copy of the student's birth certificate, and a record of any release of this information. The permanent record may also include honors/awards received and information concerning participation in activities/athletics. No other information shall be placed in the permanent record.

The **temporary record** consists of all other records maintained by the District concerning the student and by which the student may be individually identified. The temporary record must include a record of release of the information contained in the temporary records, scores received on state assessment tests administered in grades K-8, a completed home language survey form, information regarding serious disciplinary infractions (i.e., those involving drugs, weapons, or bodily harm to another) that resulted in punishment or sanction of any kind, information regarding any indicated report pursuant to the *Abused and Neglected Child Reporting Act*, health-related information, and accident reports. It also may include family background information, intelligence/aptitude scores, achievement test results, psychological reports, honors/awards, athletics/activities, other disciplinary information, teacher anecdotal records, special education records, records associated with Section 504 of the *Rehabilitation Act of 1973*, participation in extracurricular activities, and/or other information relevant to the education of the student which is not required to be in the permanent record. Information in this record shall reference authorship, position, and date. No person may condition the granting or withholding of any right, privilege, or benefits or make as a condition of employment, credit, or insurance the

securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

CCUSD 301 may release directory information to the general public, including local media and military recruiters, and publish such information in a school directory, school yearbook, or similar District publications. The District has designated the following information as **directory information**: the student's name, address, telephone number, date and place of birth, major field of study, participation in school-sponsored organizations and activities membership on athletic teams, dates of attendance, and academic awards, degrees, and honors received. Directory information also includes photographs, videos, or digital images of students used for informational or news-related purposes of a student participating in a school or school-sponsored activity, organization, and athletics that have appeared in school publications. However, photographs highlighting individual faces and used for commercial purposes require prior, specific, dated, and written consent of the parent. An image on a school security videotape recording is not directory information. Further, student social security numbers or student identification or unique student identifiers are not directory information.

Parent(s)/guardian(s) or eligible students will be given the opportunity to object to the release of directory information prior to its release. A parent/guardian or eligible student may prohibit the release of any or all of the above-designed directory information by providing a written request to the Building Principal. Parent(s)/guardian(s) or eligible students have the right to inspect, copy, and challenge the student's record. In addition, a student less than 18 years old may inspect or copy information in his/her permanent school record. A request to inspect or copy a student's school record shall be made in writing and directed to the Building Principal. Access to the records shall be granted within 15 school days after the receipt of such a request.

Parent(s)/guardian(s) may request a qualified professional to be present to interpret the student's records. Access shall not be granted the parent(s)/guardian(s) or the student to the following: confidential letters, recommendations concerning the admission to a post-secondary educational institution; application for employment. For further information, please contact your Building Principal.

Unless the District has actual notice of a court order or a notice of a *parenting plan* under the *Illinois Marriage and Dissolution of Marriage Act*, indicating otherwise, divorced or separated parents/guardians with and without *parental responsibilities* (formerly custody) are both permitted to inspect and copy the student's school student records. The District will deny access to a student's school records only to a parent against whom an order of protection was issued if the order of protection prohibits the parent from inspecting or obtaining such records. CCUSD 301 shall maintain and destroy student records in accordance with Illinois and federal law. A student's permanent record is maintained for at least 60 years after the student has graduated, withdrawn, or transferred from the District. A student's temporary record is maintained for at least 5 years after the student has graduated, withdrawn, or transferred from the District. Upon transfer, or permanent withdrawal of a student from the District, the school shall provide written notification of the destruction of temporary records. Parent(s)/guardian(s), or the student if at least 18 years of age at the time of the request, may request a copy of the student's records prior to the destruction date for a copying fee.

Parent(s)/guardian(s) and eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington DC 20202-4605.

Suspected Child Abuse

State law requires all school personnel to inform the Department of Children and Family Services (DCFS) of suspected cases of child abuse. We recognize parents' rights to administer physical punishment, but punishment which is thought by the school to be excessive must be reported to this state agency.

Transferring Schools

If you anticipate moving, please notify the school of your intentions. You need to sign a release form from the new school so that we may process their request for records without delay.

Visiting the School

Our partnership with parents is highly valued. Our shared commitment to teaching and learning is the foundation of that partnership. To that end, you are welcome to visit the school and we ask that you do so in partnership with the classroom teacher to ensure that a mutual purpose aides in the learning experience for all students. Please contact your child's teacher ahead of time to set up a schedule and purpose for the visit.

The District is committed to providing a safe environment for all students and staff. When you do visit, please stop by the office to *sign in and secure a visitor's pass*. This identifies you to school personnel and all students as a visitor in the building. This also gives us the chance to check your child's schedule. Because of the need to maintain the security of our building after hours and the safety of our community members, please understand that we will not be able to guarantee access to classrooms after 3:45pm. If you would like to have a conference with your child's teacher, please call ahead so that a time can be arranged that will be convenient to you and the teacher.

ACADEMIC POLICIES

If students and/or parents/guardians have questions related to the policies or procedures of the instructional process at the elementary level, the student and/or parent/guardian should first contact the assigned classroom teacher. Many times this communication clarifies the situation. The second step is to arrange a conference with the Principal or Assistant Principal.

Field Trips

Field trips correlate with the educational program. Our faculty prepares and defines trip objectives before a field trip is taken. Field trips are considered to be an extension and enrichment of the normal classroom. If prior notice is given by a parent denying attendance for a field trip and remains in school for the duration of the experience, a comparable assignment will be given to the student during that time.

Under normal circumstances parent volunteers should ride the bus to and from the field trip. In addition, students who attend the field trip will not be allowed to have a parent drive them separately from the location of the event, unless special circumstances prevent this. Notification of the request must be provided to the teacher at least 48 hours prior to the field trip and outline the special circumstances involved.

Detailed descriptions of the trip and permission slips will be sent home prior to each field trip. The permission slips must be signed and returned for your child to participate. Unfortunately, field trip money is nonrefundable. If a child does not go on a field trip but attends school, a related educational experience is provided.

Grading

Grades are available electronically to parents and students after the end of each nine week grading period via the online report card in a student's Skyward "portfolio". Beginning in 3rd grade, parents and students are encouraged to monitor student progress throughout the semester via the Skyward "gradebook". All grades are available and viewable in the Skyward Portfolio (K-2) or Gradebook (3-5).

Homework

Homework is a vital part of education. Homework is not assigned as a punitive measure; it helps students learn and develop skills. Encourage your child to complete assigned work to the best of his or her ability will help your child assume responsibility for learning. Generally, students on average can expect 10 minutes of homework per night, per grade level, outside of reading time. For example, a typical third grader could expect 30 minutes of homework plus independent reading time per night.

Parent Reports

Teachers and parents need to exchange information for the benefit of each student. Communication between home and school needs to be accurate and supportive. A child's attitude toward school is in part determined by how effective communication between home and school. Elementary schools issue report cards quarterly (or at the end of quarters 2, 3, and 4 for kindergarten.)

Retention Policy

The District reserves the right to retain a student at any grade level. This decision is based upon professional evaluation and consideration of a student's individual circumstances.

ATTENDANCE AND TRUANCY

Our attendance policy is based upon the firm belief that students are most successful when they are present in class and in school:

- In accordance with Illinois compulsory attendance requirements, it is the policy of CCUSD 301 that students shall attend school on a regular basis. We believe that daily attendance, timeliness to class, and preparedness and participation in class will increase the student's probability for successful performance and fosters the development of self-discipline and responsibility. It is the intention of the instructor of each course to

not only teach the subject matter, but also to encourage the positive attribute of regular attendance, punctuality, and participation.

- Students are expected to attend every class. The school has an obligation to inform both students and parents/guardians of the student's progress and attendance in all classes. Parents/guardians are to follow proper procedures to inform the school when their child is absent and to provide a reason for the absences.

Attendance Procedures

Parents/Guardians and students should be aware of and follow these procedures:

- When a student is absent from school, the student's parent/guardian is requested to contact the school between 7:45am-9:00am to inform the attendance secretary of the student's absence.

Leaving School Early

- Students who need to leave school early for medical purposes (healthcare provider or dental appointments) must bring a note to the Attendance Office before leaving school. The note should include: (1) the requested dismissal time, (2) the reason the student needs to leave early, and (3) a parent signature. Parents are encouraged to communicate any dismissal changes **no later than 2:30pm**.
- If a student is ill during the day, the student must check out in the Nurse's Office before leaving the building. Students should not arrange for parents/guardians to pick them up, without first having been seen by the Nurse. When the Nurse is not in the building, a student who is ill should report to the Main Office.

Absences (Board Policy 7:70)

Central School District recognizes three (3) categories of absences:

1. Excused absences
2. Unexcused absences
3. Truant absences (after the 9th unexcused absence)

Excused Absence: An excused absence is recognized as:

- A student's personal illness,
- A death in the immediate family,
- A family emergency,
- Observance of a religious holiday,
- Medical visits,
- Vacations up to 5 school days,
- Other circumstances that cause reasonable concern to the parent/guardian for the student's safety or health,
- Other situations beyond the control of the student (such as court appearances),
- Other reasons approved by the Superintendent or designee.

A healthcare provider's note may be required to excuse a student and/or for returning to school after **the third consecutive day of being reported ill**. If medical documentation is not provided,

the absence may be marked “unexcused.” Students who have 9 or more days of absences due to being sick may be required to provide a healthcare provider’s note to excuse the absences.

Unexcused Absence: An unexcused absence is defined as an absence from school for a reason other than those listed above as an Excused Absence and/or an absence not authorized by the student’s parent/guardian or the Superintendent or designee. When a student’s absence is unexcused, the parent/guardian may recognize the absence as being valid or legitimate; however, the school does not. The following are unexcused absences (even with parental/guardian consent):

- Missing the bus
- Vacations that are 6+ school days.
- Needed at home
- Other avoidable absences

Truant Absences: Truancy is defined as absence without valid cause for one or more periods of the student’s school day. Parents/guardians may be notified following 3, 5, and 9 days of absence or tardiness within a school year, and a school intervention may be initiated. After the 9th school day (5% of regular attendance days) on which a student is absent without valid cause, he/she is deemed to be truant under Illinois law. Interventions to address truancy may include attendance letters, parent-teacher/administrator conferences, student counseling, and/or involvement of the Kane County Truancy officers and/or local law enforcement. No punitive action, including out-of-school suspensions, expulsions, or court action will be taken against a chronically truant student unless available support services and other school resources have been provided to the student, or offered to the student and refused. Any person who has custody or control of a child subject to compulsory attendance who knowingly or willfully permits the child to persist in truancy, if convicted, is guilty of a Class C Misdemeanor and may be subject to up to 30 days imprisonment and/or fine up to \$1,500.

Vacation Absences: Family travel during the school year does interrupt a student’s regular progress; however, we recognize the educational value of these trips. Therefore, five (5) vacation days per school year will be allowed as excused. Any days after five (5) school days will be unexcused. Early notice of travel will help school personnel to accommodate parents and students during that period. It will be the student’s responsibility to obtain all missing work from their teachers during their absence. Some assignments may not be available until the student returns to school. A folder containing all missed assignments will be prepared for the student upon his/her return. Work should be completed and returned to the teacher within three (3) days for the child to receive credit.

Tardiness: Students are expected to be in class on time so they may maximize their learning opportunities. Teachers and the Administration will monitor student's tardiness. Students may be considered tardy if they arrive after the bell has rung. Students may receive consequences for excessive tardies.

Makeup Work

Students who have excused absence(s) from school will be allowed to make up work for equivalent academic credit. The time allowed for makeup work will generally be one school day for every class period missed, starting with the first day the student returns to school. In

extenuating circumstances, a student may ask his/her teacher, school counselor, or the Principal for additional time to make up work. It is the responsibility of the student (and his/her parent/guardian), not the teachers, to get the assignments, complete them, and turn them in, and to arrange a time with the teacher to make up any missed quizzes or tests. Incomplete work or failure to do the work may result in a lowering of grades.

The makeup rule applicable for students who are receiving Home or Hospital Instruction is set forth in the Student Services of this Handbook under the heading Home and Hospital Instruction.

Attendance at Extra-Curricular Activities

Students who are absent, or who left school for an illness during the day, will not be allowed to attend or participate in extra-curricular activities until they have attended school.

MEDICAL INFORMATION/POLICY

Communicable and Chronic Infectious Diseases (Board Policy 7:280)

A student with or carrying a communicable and/or chronic infectious disease has all rights, privileges, and services provided by law and the School Board’s policies. The Superintendent will develop procedures to safeguard these rights while managing health and safety concerns.

Please notify the school health office immediately for all contagious conditions so we can take proper measures within the school environment. All children suffering from contagious conditions must be excluded from school until no longer contagious. Guidelines that need to be followed are found at [Communicable Diseases Chart](#).

In the case of head lice, please contact the nurse or principal immediately so that we can take proper measures in the classrooms and elsewhere within the school. Please instruct your child NOT to share combs, brushes, hats, scarves, and other “communicable” items.

Examples of communicable diseases and the procedures for re-admittance are as follows.

Communicable disease:	Return to school:
Chickenpox	A minimum of 5 days after eruption of last vesicles; once all vesicles have dried & crusted over; as directed by health dept.
Hepatitis	With healthcare provider's written permission
Hand, Foot and Mouth	When fever is gone, and there are no open, draining lesions in mouth or on hands.
Impetigo	24 hours after initial dose of medication with lesion covered and/or no drooling/saliva
Measles	A minimum of 4-5 days after the appearance of rash, with healthcare provider’s written permission, as directed by health dept.
Mononucleosis	With healthcare provider's written permission; absence of fever > 100
Mumps	A minimum of 5 days after onset of swelling, and with healthcare provider’s written permission, as directed by health dept.
MRSA	24 hours after initial dose of medication and lesion begins to shrink, unless the lesion can be covered

Pertussis (Whooping Cough)	A minimum of 5 days after the initial dose of medication or until 3 weeks after onset of cough, and with healthcare provider's written permission
Pink eye (Conjunctivitis)	24 hours after initial dose of medication
Rash of unknown origin	With healthcare provider's written permission
Ringworm	24 hours after initial dose of medication and lesion begins to shrink, unless the lesion can be covered
Rubella	A minimum of 7 days after the appearance of rash, with healthcare provider's written permission, as directed by health dept.
Shingles	When all lesions are crusted, and with healthcare provider's written permission
Strep Throat/Scarlet Fever	24 hours after initial dose of medication and fever free
TB	With healthcare provider's written permission

Injuries/Illness

A student who becomes ill or is injured at school may ask their teacher to be seen in the health office. Students who are exhibiting concerning symptoms will be sent to the health office by their teacher. If the possibility exists that the student may go home, the parent/guardian will be contacted by the nurse or office staff, not by the student on his/her device, to collaborate on that decision. Students must report to the nurse or office staff before going home ill or the absence may be considered 'unexcused.' When the nurse is not in the health office, a student who is ill should report to the main office.

It is expected that injuries/illnesses that occur outside of the typical school day will be cared for by parents/guardians prior to arrival at school.

For the protection of the whole student body, students are not permitted to ride the bus home if they are exhibiting signs/symptoms of a contagious condition; the parent/guardian is expected to arrange transportation.

In the event of serious symptoms or injury, paramedics will be called and a parent/guardian contacted. In emergency situations, school officials will be guided by the information provided by parents/guardians on the registration documents filled out annually. It is the responsibility of the parent/guardian to provide accurate contact information to the school in case of illness, injury, or emergency. Parents should select emergency contacts that are available to pick up their child in a timely manner, if they are unable to do so.

If your child exhibits any of the following, do not send the child to school or if your child exhibits any of the following during the school day, he/she must go home:

- Fever (temperature of 100 degrees or above),
- Vomiting,
- Diarrhea (3 or more loose stools in the past 24 hours, or stools that contain blood),
- Excessive cough and/or unable to manage secretions,
- Suspicious Rash,
- Loss of consciousness.

Criteria for re-admittance is generally based upon evidence that the child is no longer contagious; this may include a release from the healthcare provider, absence of symptoms for over 24 hours without medication, or documentation of treatment. These determinations will be guided by the nurse.

Students who come to school with mobility devices (such as crutches, walking boot/shoe, wheelchairs, splints or casts) for an acute episode need to submit a note from the healthcare provider that states the activity restriction that warrants the use of the device at the school, including the time frame for the restriction.

Medication Administration (Board Policy 7:270)

Whenever possible, the parent/guardian should make arrangements for medication to be administered at home before or after school hours and not at school or school-related activities, unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for a student to take medication during school hours or school-related activities, the student's parent/guardian must request that the school dispense the medication to the student and District guidelines must be followed for dispensing or administering the medication. The District may reject requests for administration of medication.

No District employee shall administer to any student, or supervise a student's self-administration of, any medication until the required documentation is completed, signed, and submitted by the student's parent/guardian. No student shall possess or consume any medication on school grounds or at a school-related activity other than as provided in the District's policy and these guidelines:

- Medication is defined as either prescription or over-the-counter drugs.
- Medication will not be given by a school employee without the completion and submission of a Med-A form or Individual Health Plan (IHP) signed by both the parent and the medical healthcare provider when required. Specific forms are required for students with *asthma, diabetes, allergies, and seizures*. Forms & packets can be obtained in the school office or on the District website. ALL medications, even short-term treatments, ointments, or cough drops, require this documentation. Parent(s)/guardian(s) of a student with asthma are requested to submit an Asthma Action Plan for the student. If provided, the Asthma Action Plan will be kept on file by the Nurse. The District's Asthma Emergency Response Protocol is available from the Main Office or Nurse's Office.
- The Med-A & IHP forms must be completed annually or each time a prescription changes.
- For safety, students may not transport medication to and/or from school. It is the parent's responsibility to personally deliver the medication to school and to pick up any "left-over" medication at the close of the school year. Any medication left at the school at the end of the school year will be disposed of in a safe manner.
- Medications must be in their original containers and the containers must include the student's name, the medication's name, dosing information (the amount to be dispensed and the time at which or circumstances under which the medication is to be

administered), and expiration date. No medication will be given by school personnel if the medication arrives at the school in an envelope or improperly labeled bottle/inhaler.

- Medications at school will be stored in a locked cabinet in the school Nurse’s Office or in the school Nurse's refrigerator if required.
- When necessary, the school Nurse will provide appropriate staff members with information concerning the medications being taken by students (i.e., side effects, other medical implications).
- Medication dispensing guidelines include:
 - Medications will be dispensed to one student at a time.
 - The designated school employee will transfer the indicated dosage from the container to the student.
 - The designated school employee will initial the Individual Student Med Log form at the time it is administered.
- Field Trip Medications: Only routine “daily” medications and “emergency” medications are sent on field trips. A Meds-A form and /or IHP must be on file in the health office to ensure those medications are taken on the field trip. Medications such as Tylenol/Advil/Pepto-Bismol are considered ‘as needed’ and are not taken unless pre-arranged by a parent or guardian and the school Nurse.

Privacy Practices (Board Policy 7:15)

Pursuant to Illinois and Federal law, school personnel cannot contact a student’s healthcare provider, advanced practice nurse, healthcare provider assistant, nurse, or pharmacist about a student or a student’s records, including health records or health-related information, unless the student’s parent/guardian gives written consent. If desired, a consent form permitting communication between a student’s health care professionals and the school can be obtained in the main office.

Self-Carry & Self-Administration of Medication

A student may possess (“self-carry”) an asthma inhaler or epinephrine auto-injector (EpiPen®) prescribed for immediate use at the student’s discretion, provided the completed Med-A form and other required forms (available in the Nurse’s Office and on the District’s website) are signed and returned to the Nurse’s Office.

The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student’s parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine auto-injector and/or medication, or the storage of any medication by school personnel.

The District may authorize the provision of an EpiPen to a student authorized under a student's Individual Health Care Action Plan, Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form, or Health plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 to administer an EpiPen to the student that meets the prescription on file.

Nothing in these guidelines or the District's student medication administration policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

A student's possession, distribution, or use of any medication (including non-prescription drugs) without proper authorization is in violation of school policy relating to drug use, and the student may be subject to discipline (see Discipline).

Significant or Chronic Health Conditions

To promote wellness, District 301 encourages the development of individualized healthcare plans for students with significant or chronic health conditions. If your child has diabetes, asthma, allergies, or seizures, please complete the necessary forms. Contact your building Nurse to develop an individualized plan for any other concerning conditions.

STUDENT SUPPORT SERVICES / SPECIAL EDUCATION SERVICES

In accordance with state and federal legislation regarding the education for students with disabilities, Central District 301 offers a wide range of programs and services to eligible students age three to twenty-two.

Education of Children with Disabilities (Board Policy 6:120)

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term "children with disabilities", as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education's *Special Education* rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the Illinois State Board of Education's *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the *Rehabilitation Act of 1973*, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the District in fulfilling its obligations to the District's disabled students. If necessary, students may also be placed in nonpublic special education programs or education facilities.

Home and Hospital Bound Instruction (Board Policy 6:150)

A student who is absent from school, or whose healthcare provider anticipates that the student will be absent from school, because of a medical condition may be eligible for instruction in the student's home or hospital. Eligibility shall be determined by state law and the Illinois State Board of Education rule governing (1) the continuum of placement options for students who have been identified for special education services or (2) the home and hospital instruction provisions for students who have not been identified for special education services. A student qualifies for home and hospital instruction when a healthcare provider anticipates a student's absence due to a medical condition for an extended period of time (i.e., for 2 or more consecutive weeks) or on an ongoing intermittent basis (i.e., the child's medical condition is such a nature or severity that it is anticipated that the student will be absent from school due to the medical condition for periods of at least 2 days at a time multiple times during the school year totaling at least 10 days or more of absence).

Appropriate educational services from qualified staff will begin no later than 5 school days after receiving a healthcare provider's written statement. Instructional or related services for a student receiving special education services will be determined by the student's individualized educational program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction (1) before the birth of the child when the student's healthcare provider indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s), and hospital staff to coordinate course work and facilitate a student's return to school.

Homeless Information (Board Policy 6:140)

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, as provided to other children and youths, including a public pre-school education. A "homeless child" is defined as provided in the McKinney-Vento Homeless Assistance Act and Illinois Law.

Medicaid Data Release – Special Education Students Only

If your child receives special education services and is also Medicaid eligible, Central CUSD #301 can seek partial reimbursement from Medicaid for health services documented in your child's Individualized Education Program (IEP). Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve diagnostic and therapeutic services for students.

The reimbursement process requires the school district to provide Medicaid with your child's name, birth date, and Medicaid number. Federal law requires annual notification of our intent to pursue this reimbursement opportunity.

If you approve of the release of information to Medicaid, do nothing. If you object to the release of information to Medicaid, now or any time in the future, please state your objection in writing and forwarded to the Director of Student Support Services, at 275 South Street, PO Box 396, Burlington, IL 60109.

Regardless of your decision, CCUSD #301 must continue to provide, at no cost to you, the services listed in your child's IEP. This program has no impact on your child's current or future Medicaid benefits. Under federal law, participation in this program CANNOT:

- Decrease lifetime coverage or any other public insurance benefit,
- Result in the family paying for services that would otherwise be covered by Medicaid,
- Increase your premiums or lead to discontinuation of benefits or insurance, or
- Result in the loss of eligibility for home and community-based services.

Your continued consent allows the District to recover a portion of the costs associated with providing health services to your child.

Response to Intervention / Problem Solving Team

In accordance with regulations set forth by the federal and state educational departments, Central must use a process known as Response to Intervention (RtI) to determine entitlement for special education services. A problem solving team (PST) consisting of two or more school staff members (Principal, School Psychologist, School Social Worker, Resource Teacher, Speech Pathologist, Reading Specialist, EL teacher and/or OT/PT Specialist) identify students struggling academically, emotionally, and/or behaviorally. This PST team is responsible for developing interventions to increase skills and monitor student progress. If a student is determined to be eligible, services may be delivered by speech and language therapists, occupational and physical therapists, school psychologists, school social workers, special education teachers, paraprofessionals, and hearing and vision itinerant teachers. With regard to the identification of students in need of special education, the District provides the following screenings: vision and hearing screenings, speech/language screenings, and early childhood screenings (ages 3-5).

SCHOOL DISCIPLINE POLICIES

Philosophy of Discipline

It is the sincere desire of CCUSD 301 that each student practices self-discipline, so that discipline actions by teachers, administrators, and the Board of Education may be avoided. It is the desire of Central School

District 301 to promote positive citizenship and a constructive school environment. General rules of conduct have been formulated to ensure that all students have the opportunity to realize their potential through education, and to promote mutual respect and responsibility among students and staff members. Adults are expected to show care and respect towards young people. Students are expected to exhibit that same care and respect towards staff members and other students. In the event that a student violates the guidelines set forth in this Handbook, teachers, staff members, and administrators may take disciplinary measures as a means to address the student's behavior.

Disciplinary consequences and interventions will be made to ensure that all students receive a high quality education in a positive, non-threatening environment and assist with the development of productive members of society. Students, parents, administrators, faculty, and staff will cooperate in the creation of the discipline policy, its periodic review, and its fair and consistent enforcement.

Considerations include:

- Student's age
- Ability-functioning level
- Seriousness of the offense
- Frequency of inappropriate behavior
- Circumstances and intent – including family circumstances and/or home environment situations
- Potential effect of the misconduct on the school environment
- Relationship of the behavior to any handicapping condition
- Relationship of the behavior to alcohol or drug influence

Student Behavior Policy (Board Policy 7:190)

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

- On, or within sight of, school grounds before, during, or after school hours or at any time;
- Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
- Traveling to or from school or a school activity, function, or event; or
- Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or

misconduct, including but not limited to:

- Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
- Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of alcoholic beverages are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
- Using, possessing, distributing, purchasing, selling, or offering for sale:
 - Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish);
 - Any anabolic steroid unless it is being administered in accordance with a healthcare provider's or licensed practitioner's prescription;
 - Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a healthcare provider's or licensed practitioner's prescription;
 - Any prescription drug when not prescribed for the student by a healthcare provider or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing healthcare provider's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
 - Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
 - "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
 - Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
 - Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.
- Using, possessing, controlling, or transferring a "weapon" as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
- Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or

violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone.

- CCUSD301 issues each student a Chromebook for educational purposes. All electronic devices (cell phones, radios, iPods, MP3 players, iPads, portable DVD players, gaming devices, and/or similar devices) may be used during passing periods, lunch, before or after school, or in a classroom setting with either administration or supervising teacher's discretion, if specified within the student's individual education program (IEP) or 504, or is needed in an emergency that threatens the safety of students, staff or other individuals.
- Using or possessing a laser pointer or cell phone flashlight unless under a staff member's direct supervision and in the context of instruction.
- Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
- Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
- Intentionally providing false information to a staff member or knowingly assisting another student in providing false information. This includes assisting another student to hide/remove prohibited substances, devices, or weapons.
- Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying (as described in Board policy 7:180, Prevention of and Response to Bullying, Intimidation, and Harassment), bullying using a school computer or a school computer network, or other comparable conduct.
- Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
- Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
- Entering school property or a school facility without proper authorization.
- In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911), signaling or setting off alarms or signals indicating the presence of an emergency, or indicating the presence of a bomb or explosive device on school grounds, school buses, or at any school activity.
- Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
- Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.

- Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
- Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
- Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
- Operating an unmanned aircraft system (UAS) or drones for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
- Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Additional Examples of Prohibited Misconduct and Gross Disobedience

Additional examples of prohibited misconduct and gross disobedience include, but are not limited to: inappropriate drawings; insubordination; parking violations; profanity or obscenity; transportation violation; the inappropriate use of the District’s network or District’s devices.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student’s locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the

Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24 1).

2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

- Verbal Warning;
- Detentions;
- Notifying parent(s)/guardian(s);
- Disciplinary conference;
- Withholding of privileges/removal of privileges;
- Temporary removal from the classroom;
- Return of property or restitution for lost, stolen, or damaged property;
- Alternative Learning Environment, the Building Principal or designee shall ensure that the student is properly supervised;
- Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules;
- Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct;
- Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities;
- Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled also shall be restricted from being on school grounds and at school activities;
- Transfer to an alternative program upon written agreement with the student’s parent(s) or following a Board of Education hearing;
- Notifying juvenile authorities or other law enforcement whenever the conduct involves

criminal activity, including but not limited to, illegal drugs (controlled substances), “look-alikes”, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision; (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident; or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student’s parent/guardian. “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated (licensed) educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers. In addition, provided the appropriate procedures are followed, the Superintendent, Building Principal, Assistant Principal,

or Dean of Students may issue in-school suspensions, may issue out-of-school suspensions to students guilty of gross disobedience or misconduct (including all school functions) for up to 10 consecutive school days, and may suspend students from riding the school bus for up to 10 consecutive school days. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment. Students and their parents/guardians must acknowledge receipt of the student handbook in some form upon receipt of the handbook.

MISCONDUCT BY STUDENTS WITH DISABILITIES (Board Policy 7:230)

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for students with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, and the Illinois State Board of Education's Regulations when disciplining students with disabilities. No student with a disability shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

DEFINITION OF DISCIPLINE MEASURES

Detentions

A detention is a period of time to be made up before school, after school, or during lunch. A detention may be assigned by school staff or an administrator.

Alternative Learning Environment

Administrators may temporarily assign a student to an alternative learning environment on school grounds as a consequence for gross disobedience or misconduct. During this time, students are restricted from participating in their scheduled classroom activities and, instead, report to the alternative learning environment for an amount of time determined by the administration. Students who are assigned to the alternative learning environment will be provided an opportunity to complete their academic work.

Out of School Suspension (Board Policy 7:200)

An out-of-school suspension is a temporary exclusion from school due to a student's gross disobedience or misconduct. School officials may impose out-of-school suspensions of one (1) to ten (10) school days. Longer suspensions may be imposed by the Board of Education. The District's suspension procedures are set forth in Board Policy 7:200.

When a student is suspended from school, he/she may not participate in or attend any District activity or event and is prohibited from being on District property.

A suspended student will have an opportunity to make up any missed work for equivalent academic credit. The work missed during the student's absence due to a suspension from school must be made up within a period of school days equal to the number of days missed due to being suspended.

Students who are suspended from school for five (5) or more school days will be informed of what, if any, appropriate and available support services will be provided to the student during his/her suspension from school. These services may include, but are not limited to, a mentor program, social work, tutoring, etc.

A re-engagement meeting between the student, family, and school staff and administrators may be held upon a student's return to school from any period of suspension. The purpose of the meeting is to assist the student in the transition back to school.

Expulsion by the Board of Education (Board Policy 7:210)

Upon the recommendation of the Superintendent or designee, the Board of Education may expel students guilty of gross disobedience or misconduct. Expulsion shall take place only after the parent(s)/guardian(s) of the student have been provided a written request to appear at a hearing before the Board or with a hearing officer appointed by it. The District's expulsion procedures are set forth in Board Policy 7:210.

A student who has been expelled from school may not participate in or attend any District activity or event and is prohibited from being on District property during the period of the expulsion.

If a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion before being admitted into the District.

Student Search and Seizure (Board Policy 7:140)

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a

student, without notice to or consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the *Right to Privacy in the School Setting Act*, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

BULLYING POLICY (BOARD POLICY 7:180)

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or the orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7)

Bullying includes *cyber-bullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's or students' physical or mental health;
- Substantially interfering with the student's or students' academic performance; or
- Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic,

photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyber-bullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyber-bullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (1) are adapted to the particular needs of the school and community; (2) contribute to maintaining school safety; (3) protect the integrity of a positive and productive learning climate; (4) teach students the personal and interpersonal skills they will need to be successful in school and society; (5) serve to build and restore relationships among students, families, schools, and communities; and (6) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and School District administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below; each numbered requirement, 1-12, corresponds with the same number in the list of required policy components in 105 ILCS 5/27-23.7(b) 1-12.

1. The District uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. Anonymous reports are also accepted.

4. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform the parent(s)/guardian(s) of every student involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident;
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process;
 - c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received;
 - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.
6. The Superintendent or designee shall use interventions to address bullying that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. A student's act of reprisal or retaliation will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.
8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However,

knowingly making a false accusation or providing knowingly false information will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.

9. The District's bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.
10. The Superintendent or designee shall post this policy on the District's Internet website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must also be distributed annually to parents/guardians, students, and school personnel, including new employees when hired.
11. The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy's outcomes and effectiveness. This process shall include, without limitation:
 - a. The frequency of victimization;
 - b. Student, staff, and family observations of safety at a school;
 - c. Identification of areas of a school where bullying occurs;
 - d. The types of bullying utilized; and
 - e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collected for other purposes. The Superintendent or designee must post the information developed as a result of the policy evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students.

12. The Superintendent or designee shall fully implement the Board policies, including without limitation, the following:
 - a. 2:260, *Uniform Grievance Procedure*. A student may use this policy to complain about bullying.
 - b. 6:60, *Curriculum Content*. Bullying prevention and character instruction is provided in all grades in accordance with State law.
 - c. 6:65, *Student Social and Emotional Development*. Student social and emotional development is incorporated into the District's educational program as required by State law.
 - d. 6:235, *Access to Electronic Networks*. This policy states that the use of the District's electronic networks is limited to: (1) support of education and/or research, or (2) a legitimate business use.
 - e. 7:20, *Harassment of Students Prohibited*. This policy prohibits *any* person from harassing, intimidating, or bullying a student based on an identified actual or perceived characteristic (the list of characteristics in 7:20 is the same as the list in this policy).
 - f. 7:185, *Teen Dating Violence Prohibited*. This policy prohibits teen dating violence on school property, at school sponsored activities, and in vehicles used for school-provided transportation.
 - g. 7:190, *Student Discipline*. This policy prohibits, and provides consequences for, hazing, bullying, or other aggressive behaviors, or urging other students to engage in such conduct.

- h. 7:310, *Restrictions on Publications*. This policy prohibits students from and provides consequences for: (1) accessing and/or distributing at school any written, printed, or electronic material, including material from the Internet, that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities, and (2) creating and/or distributing written, printed, or electronic material, including photographic material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.

BUS TRANSPORTATION (Board Policy 7:220)

Illinois State law requires that School Districts provide transportation to and from school for all public school pupils living more than 1 1/2 miles from their school of attendance. Where a hazard is identified which significantly jeopardizes the safety of a student (due to vehicular traffic), the District will follow the State of Illinois guidelines. **All students are assigned a District 301 bus unless they are within walking boundaries.**

The State of Illinois has very strict legislation on the matter of school buses. District 301 is committed to carrying out these regulations in order to provide the most efficient and safest transportation possible. The following rules are included here to ensure students and parents have an understanding of what is expected while entering, riding, or leaving the school bus.

Instructions to Parents

Busing information for the current school year is available for viewing through Skyward under busing. This is a web based program which will provide you with the most current busing information such as bus timing, bus stop locations and bus number.

Students should not be removed from the bus during the boarding/releasing of buses. Parents must give 60 minutes notice to the school to avoid any confusion during dismissal.

Please complete the Student Transportation Information (STI) form ONLY if you require busing to/from an alternate location within your attending school's boundaries, if you do not require CCUSD 301 transportation, or if you are making a change to your child's transportation. Students are allowed only one inbound bus and only one outbound bus. (Accommodations cannot be made for different buses on different days.) Please allow up to 48 hours to process any changes to your student's transportation. To verify the request has been processed, please visit the busing tab in Skyward Family Access. Contact Dr Todd Stirn with questions about transportation for homeless or foster care students.

Instructions to School Bus Riders

The school bus is an extension of the classroom; therefore, all school rules apply on the school bus. The CCUSD 301 Transportation Handbook, which is included in this handbook, governs school bus conduct.

School bus riders, while in transit, are under the jurisdiction of the school bus driver and any adult designated by the Board of Education to supervise bus riders. Any student who violates the following regulations and/or school rules while riding the bus may be reported by the bus driver

to the Principal or Assistant Principal via a bus conduct report and a disciplinary consequence may be issued to the student. Transportation guidelines are in addition to CCUSD 301 policies and procedures, including those outlined in this Student Handbook.

1. Students may only ride their assigned school bus.
2. Arrive at your designated bus stop five (5) minutes prior to your scheduled pickup time. Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
3. Remain in your assigned seat while the bus is in motion.
4. Always be alert and listen for any instructions given by the driver.
5. Windows are to remain at or above the white safety line at all times. Do not throw anything out of the windows. When you are on the bus, keep hands and feet inside the bus at all times.
6. Refrain from abrupt, loud noises and/or an unnecessary confusion that could divert the driver's attention from safely driving the bus. Be absolutely quiet when approaching and crossing railroad tracks.
7. Refrain from littering, defacing or destroying bus property. Never tamper with the bus or any of its equipment.
8. Assist in keeping the bus safe and sanitary at all times. Eating, drinking or gum chewing is not allowed on the bus.
9. Do not bring any animals on the bus, unless it is a service animal.
10. Take all belongings with you.
11. Respect the driver, fellow students and yourself. Help look after the safety and comfort of smaller children.
12. Do not ask the driver to stop at places other than the regular assigned bus stop. The driver is not permitted to alter their route without proper authorization from an administrator.
13. Walk at least 10 feet in front of the bus if you must cross the street after being dropped off and wait for the driver to signal to cross the road. Never run in front of a car or bus.
14. Students must sit three (3) in a seat on the school bus when necessary due to the load.
15. It is imperative that all students actively observe and support these transportation regulations and actions. The same rules and regulations apply to all bus trips, including for school sponsored trips as well as between home and school. Students who are unable to abide by the rules and expectations in order to maintain a safe environment when riding a school bus may face disciplinary consequences depending on the severity of the action.

Students who are suspended from the bus and who do not have alternative transportation to school will be provided the opportunity to make up any missed work for full academic credit pursuant to the "Makeup Work" rules set forth in the Attendance and Truancy Policy of this Student Handbook. It is the responsibility of the student's parent to notify the school Principal or other administrator that the student does not have alternative transportation to school to ensure the student receives appropriate make up work.

Restricted Items

1. Because of the potential for disrupting the school bus driver, certain items are not to be brought on the bus. Some examples of such items could be, but are not limited to:
 - skateboards -cameras -sleds -snowboards/hoverboards
 - toys -in-line skates -playing cards -laser lights

** In some cases the student may seek approval from the Transportation Director or building administration for special situations (i.e., field trips, athletic trips, etc.).

2. Cell phones and other electronic devices may be used responsibly on the school bus. Any misuse of these items will result in disciplinary action as outlined in the Student/Parent Handbook. Bus drivers are not responsible for devices lost, damaged or stolen. Examples of misuse include, but are not limited to:
 - Using device as a camera
 - Displaying inappropriate images/website
 - Use of inappropriate language
 - Use of device for harassment or intimidation
3. Music devices are allowed on the school bus as long as they are kept at a volume that cannot be heard by others and the listener can still hear emergency directions. Music devices must be in the student's backpack before exiting the bus.

Kindergarten Transportation

The parent/guardian or older sibling must be present when a kindergarten student is dropped off. It is District policy that if no one is available at the drop off location, the bus driver will notify the school of the situation and the school will notify the parent/guardian that the student will be brought back to the school for parent pick up.
